

## OVERVIEW

Terraco FenceShield provides excellent decorative protection for all rough sawn garden timbers. FenceShield is an environmentally friendly alternative to creosote. It is available in an attractive range of translucent natural wood colours and tools are easily cleaned with water. Terraco FenceShield is also available in a fortified version called FenceShield Plus which has wood preserving characteristics.

## PRODUCT GRADES/CODES

Standard	61870
Plus	61872

## PROPERTIES

FenceShield is a water based acrylic preparation of transparent iron oxides and other wood colourants. FenceShield Plus contains wood preserving chemicals. FenceShield has the following properties:

- Environmentally friendly
- Easy to apply
- Long lasting
- Fade resistant colours
- Water repellent
- Excellent coverage

## AREA OF USE

All rough sawn exterior timbers such as garden sheds, fences, gates, etc.

## PREPARATION OF SURFACE

Ensure surface is clean, dry and free from any surface contaminants.

## APPLICATION & CLEANING OF TOOLS

Stir thoroughly before use. Apply using a long hair brush in one liberal coat.

Clean tools and equipment with water after use.

## HEALTH & SAFETY

Avoid prolonged contact with eyes and skin. For detailed information refer to relevant material safety data sheet.

## PACKAGING & STORAGE

FenceShield is supplied in 5ltr and 20ltr containers.

TimberGuard should be stored in a clean, dry area, protected from direct sunlight and extreme heat or cold. Unopened containers can be stored for 12 months. Ensure that oldest material is used first.

TERRACO offers a comprehensive range of products and services for most concrete and finishing needs. Please contact the TERRACO Technical Service Department or your local TERRACO agent for further information, samples, demonstrations and instructor services. The information given in this leaflet is based upon laboratory research, as well as extensive field work and application. All products are sold subject to standard conditions of sale which are available on request. This information is based on TERRACO's present state of knowledge and is intended to provide general information on TERRACO's products and their methods of use. The prospective user is recommended to determine the suitability of TERRACO's suggestions and products before adopting them on a commercial scale.
